NO FEAR OF FAMINE.

Mayor of Stricken City Declares All Will Be Fed.

PLENTY OF EATABLES

Citizens Urged to Use Water Only For Drinking Purposes, Not to Enter Others' Premises and Bury Filth.

San Francisco, April 21.—For the first time in her history San Francisco has had her taste of martial law. When darkness fell upon the desolated city every inhabitant of houses that were left standing groped about the homes in darkness. Early in the evening survivors of the terrible calamity were cooking suppers on fires built in front of their houses. The wind fanned many fires into blazes, and for a time it looked as if many new fires would be started. But police orders were issued that all fires must be put out, and, with the assistance of soldiers, the building of fires in front of houses was summarily suppressed.

In all homes left standing no lights were allowed to be burned. In places where persons lit their lights contrary to orders of police and militia the citizens' committees were formed and forced the occupants to extinguish them. The only exception was in cases of hospitals. Soldiers patrolled the streets, and no citizen was allowed to pass from one block to another except by written permit from the chief of police.

Mayor Schmitz issued the following proclamation, which the citizens were instructed to observe:

"Do not be afraid of famine. There will be an abundance of food supplied. Do not use any water except for drinking and cooking purposes. Do not light any fires in houses, stoves or fireplaces. Do not use any house closets under any circumstances, but dig earth closets in yards or vacant lots, using, if possible, chloride of lime, smoke or other disinfectants. This is of the greatest importance as the water supply is only sufficient for drinking and cooking. Do not allow any garbage to remain on premises. Bury it and cover it immediately.

"Pestilence can only be avoided by complying with these regulations. You are particularly required not to enter any business house or dwelling except your own, as you may be mistaken for one of the looters and shot on sight. Orders are not to arrest, but to shoot down anyone caught stealing."

Dr. Vorsanger, chairman of the committee to feed the hungry, reported everything possible was done to provide food for the populace and that not a hungry soul existed in San Francisco Friday night. There was no trouble in the distribution of food nor in procuring it, and quantity and quality are satisfactory.

At the Young Men's Christian Association building, on Page street, and at Park Lodge thousands and thousands are fed from morning to night. There are all kinds of provisions and clothing. Meat, vegetables, bread, canned goods, tea and coffee, and the like, are handed out in abundance, not a soul being turned away.

Dr. Vorsanger appeals to all citizens who own teams to come to the front with them at once, as the committee is experiencing quite a little difficulty in moving supplies.

Saturday morning 150 Stanford students traversed the various districts of the city and handed out supplies from door to door, and at the same time additional sections were established. Ten carloads of food of various kinds arrived here Saturday morning. McNear mills announced they would send 5,000 pounds of flour a day from now on.

James D. Phelan, chairman of the finance committee, reported Friday's local subscription had reached a total of \$28,500.

The following additional donations were announced: Union Trust company, Oakland, \$50,000; United railroads, \$75,000; commercial men of Cleveland, \$100,000; William Waldorf Astor, \$100,000; supplies from Cornwall, \$14,000.

Marcel Cerf, chairman of the committee of refuge for homeless, says a temporary structure will be erected at Golden Gate Park for the protection of homeless at once.

Major McIver of the United States army is now laying out a sanitary camp at this point, work on which will be rushed as rapidly as lumber can be secured. The camp will be under the supervision of an officer of the engineer corps of the United States army and the chief of army medical staff will be in charge of it as sanitary officer. Conditions among the homeless in Golden Gate Park, it is reported by Chairman Cerf, are excellent, but it is feared there will be considerable suffering in the Mission district, where the committee has not been able to reach all the people.

A subcommittee has been appointed to impress all vacant buildings and all deserted houses that, after examination should prove to be safe, into service.

Berkeley, said Mr. Cerf, accommodated 2,000 homeless people, and sent

word to the authorities that it desired to take care of 4,000 more. Alameda has room for 3,000 and Fresno telegraphed it wished to provide for 3,000, and asked that number be sent, for which the Southern Pacific furnished transportation.

Schaefer Wins Twentieth.

New York, April 21.—Jacob Schaefer of Chicago defeated Willie Hoppe of this city in the twentieth game of the international billiard tournament by a score of 500 to 488.

OVER ONE MILLION.

Immense Amount Subscribed in New York City For Sufferers.

New York, April 21.—More than \$1,000,000 was subscribed in this city Friday toward the relief of the sufferers in San Francisco. This was the first day of partly organized effort at securing funds. The mayor's committee of citizens announced a total subscription of \$137,013. Of this sum \$25,000 came anonymously from a "friend of humanity."

The Chamber of Commerce announced that it had received \$343,323, including a gift of \$100,000 from Andrew Carnegie. William Waldorf Astor cabled a subscription of \$100,000. The United States Steel corporation voted \$100,000 to be expended in relief work; the Standard Oil company directed that a like amount be spent. John D. Rockefeller personally subscribed \$100,000.

The Merchants' association of New York received \$42,470 as a result of its first day's efforts, and the Red Cross received \$46,105. Other organizations and several newspapers received contributions. Conservative estimates indicate that the total of contributions from this city will not be less than \$3,000,000. Funds raised by the mayor's committee will be sent direct.

It was announced at the headquarters of the Salvation Army in this city that General Booth had sent a contribution of \$100,000 to start the fund of the Salvation Army.

SCHMITZ TO PRESIDENT.

Says Property Owners Will Rebuild as Soon as Fire Ceases.

San Francisco, April 21.—Mayor Schmitz sent the following to President Roosevelt:

"To the President, Washington: Generous contributions of \$1,000,000 from the Federal government for the relief of the destitute citizens received and appreciated. All of this money will be used for relief purposes. Property owners decided to rebuild as soon as fire ceases. City will immediately proceed to provide capital for the purpose of reconstructing public buildings, schools, jails, the hospitals sewers and salt and fresh water mains. The people hope the Federal government will at once provide ample appropriations to rebuild all Federal buildings on a scale befitting the new San Francisco. We are determined to restore to the nation the chief station on the Pacific.

"E. E. SCHMITZ, Mayor."

MONEY AND FOOD.

All Sections Contribute Freely For San Francisco Needy Ones.

Washington, April 21.—Every section of the United States is contributing money and supplies for stricken San Francisco.

Atlanta sent \$50,000, and more promised. Within an hour over \$20,000 was subscribed by Board of Trade of Columbus, O. Mexican government contributed \$30,000. Savannah, Ga., raised \$5,000, and promised more. Philadelphia has given \$75,000.

A train of ten freight cars left St. Louis loaded with tents, mattresses, coats and blankets. Nashville sent a carload of supplies.

Chattanooga sent \$2,000, and Jacksonville, Fla., raised in an hour \$7,070.

Texas Masonic grand lodge forwarded \$500 and all subordinate lodges are called upon to contribute.

Hamburg-American Steamship company donated \$25,000.

Up to midnight Friday night Dallas subscribed \$2,500, Galveston \$1,000 and Fort Worth \$5,000.

Oakland Cares For Thousands

Oakland, April 21.—The Oakland relief committee, under which name choraceus of all denominations, all fraternal societies, the Chamber of Commerce, board of health and the medical societies are operating for the relief of the refugees of San Francisco, reports that from 50,000 to 75,000 destitute persons are being cared for in and around Oakland.

Thirty-Five Carloads.

Jeffersonville, Ind., April 21.—The army supply depot, or orders from the war department, sent thirty-five carloads of supplies to San Francisco.

Insurance Companies' Losses.

New York, April 21.—Fire insurance underwriters in this city evariously estimated the insurance companies' losses in the San Francisco fire at between \$150,000,000 and \$200,000,000.

Nothing In Story.

San Francisco, April 21.—There is nothing in the story that a riot had occurred at the mint in which several men were killed.

EXTRA POLICE HIRED

Earthquake Shocks Even Affected the Cisterns and Wells and to This Cause Is Attributed Lack of Drinking Water.

San Francisco, April 21.—Plunged into absolute darkness Friday night at 10 o'clock San Francisco had not seen the conclusion of the devastating work of the conflagration.

The fire that started on Nob Hill and worked its way to the North Beach section, sweeping that section clean of buildings, was later veered around by a fierce wind and made its way southerly to the grain warehouse. The flames were heading directly for the immense ferry building, the terminal point of the Central, overland and local trains of the Southern Pacific road. The darkness and the wind which, at times, amounted to a gale, added fresh terrors to the situation. The authorities considered conditions so grave that it was decided to swear in special policemen. In addition to this force, companies of the National Guard arrived from many interior points. It was reported that thirty-five white men had been killed while attempting to work their way into the ruins of the United States subtreasury on Commercial street. Two Chinese were shot and killed on Market street for refusing to obey orders of the soldiery.

Six hundred laborers from Ocean Shore arrived to look after the city's sewers to prevent an epidemic. The United Railways commenced its efforts to clean up some of the street Friday.

Reports of babes being born in the refugees' camps were frequently received. Five women became mothers in Golden Gate park. Friday night the main remaining fire was confined to the east of Van Ness avenue and north of Union street, but was burning its way to the shore.

Late Friday afternoon the police broke open every saloon and corner grocery in the saved districts and poured all malt and spirituous liquors out.

Hundreds of the people whose homes were destroyed have not had anything to eat for twenty-four hours, and many of them not a drop of water for a longer time.

A feature of San Francisco was innumerable wells and cisterns, upon which thousands of residents depended for water for drinking and cooking purposes. The earthquake has affected more or less of these cisterns and wells. This accounts, in part at least, for the scarcity of water after the shocks.

Over 95 per cent of the refugees are doing their cooking on little camp

ovens made of brick or stone.

Many of the homeless people are in possession of comfortable clothing and bed covering, but the great bulk of them are in need. Fresh meat disappeared Wednesday, and canned goods and breadstuffs are the only food in evidence.

Not alone are the parks a refuge. Every large vacant lot in the safe zones has been invaded and the cemeteries are crowded.

A well known lady of social position, when asked where she had spent the night, replied, "On a grave."

SEVENTY-FIVE CORPSES.

Fifty Other Dead Bodies Were Exposed in Ruins.

San Francisco, April 21.—From the ruins of a three-story lodging house at Fifth and Minna streets, seven-five corpses have been taken out. At least fifty other dead bodies are exposed. This building was one of the first to take fire on Fifth street. At least 100 were lost in the Metropolitan, on Fourth street.

The only building standing between Mission, Howard, East and Stewart streets is the San Pablo hotel, which is occupied and running. The Shot Tower, on First and Howard streets, is gone. This landmark was built forty years ago. The Risdon iron works escaped damage, also the Mutual electric works, while only slight damage to the American Rubber company and Victrolas Engine company resulted from the earthquake. Folger Bros.' coffee and spice house is also uninjured, and the firm is giving away large quantities of bread and food. Many are dropping dead from the heat and from suffocation. Over 150 persons are reported lost in the Brunswick hotel, Seventh and Mission streets.

REGRETS OF DIAZ.

Mexican President Telegraphs His Sorrow Over the Disaster.

El Paso, April 21.—The following message was received by Francisco Mallen, Mexican consul to El Paso, from the City of Mexico: "Please express to the people of the United States my most profound regret at the terrible catastrophe which has befallen San Francisco. All Mexico sympathizes with the stricken city and section."

PORTIRO DIAZ.

EIGHTEEN HUNDRED.

This Was Loss of Life as Estimated Friday at Midnight.

San Francisco, April 21.—At midnight Friday night the total loss of life was estimated at 1,800. At that time fires were burning in three directions. Many persons were reported cremated.

Unknown Man Gives Much.

New York, April 21.—W. K. Vanderbilt and Kuhn, Loeb & Co., bankers, contributed \$25,000 each to the sufferers' relief fund. A man unknown to Mayor McClellan or to any of the attaches of the mayor's office called at the city hall and handed \$25,000 to the mayor for the benefit of the San Francisco sufferers.

FRAUD ALLEGED.

James Surrock of New Mexico Makes Complaint Against Dowle.

Chicago, April 21.—James Surrock of New Mexico made complaint to the Federal authorities that he had been defrauded by John Alexander Dowle out of a sum close to \$10,000, and that the mails had been used in the operation. Surrock asserted that by means of letters written to him by Dowle he was induced to invest in Zion City, and that now his demands for repayment are not complied with. The matter was referred to Post-office Inspector Stuart for investigation.

SEEKS ANNULMENT.

Bride Is Reported as Under Fourteen Years of Age.

Ardmore, April 21.—Master in Chancery Hinkle, appointed by Federal Judge Townsend to take testimony in the case of Mrs. Laura McKasson Forshree, who recently married Jonas Forshree, has reported that the girl is under fourteen years of age. After the wedding the father of the girl sought to have the marriage annulled. It developed that Miss McKasson ran away from home. She resides at Cornish, and is the daughter of T. F. McKasson, an intermarried citizen of that section. The case attracted much attention.

TERRIBLE FIRES.

Two Thousand Houses in One Place and Two Hundred in Another

Manila, April 21.—Fire has swept the town of Marikina, in Rizal province. Many thousands of persons are homeless and starving. Two thousand dwellings are in ruins. The government is rushing assistance to the sufferers.

Fire also destroyed Pasil, near the town of Cebu. Two hundred dwellings were burned, and many persons are homeless.

UNDER CONTROL.

Probably One-Fourth of the City Will Escape Destruction.

San Francisco, April 20.—The fire is under control, it having been checked at Van Ness avenue and Mission street. The fire is still raging north of Russ hill toward the bay, but has not spread west. Probably one-fourth of the city is safe.

Measures are being taken for the relief of the destitute. Thursday night was a horrible one for refugees. Most of them were without food or water and their sufferings were terrible. Bakeries are started and bread is being sent over from Oakland. Supplies of bread and milk are needed immediately. Swift & Co. have 500,000 pounds of canned beef at South San Francisco, and this will be of material assistance.

VOLCANO AWAKENING.

Is Emitting Smoke and Heat From a Fissure in Side.

Denver, April 20.—A special from Trinidad, Colo., says: "Mount Capulin, an extinct volcano, situated eight miles from Folsom, N. M., and sixty miles from here, is said to be emitting smoke and heat from the fissure broken in its side by two distinct earthquake shocks. The mountain is 10,000 feet high and trees grow to the mouth of the crater. It has not been in eruption for years. No serious damage has been done."

President Sends Check.

Washington, April 20.—C. H. Keep of the treasury department, treasurer of the National Red Cross association, received check for \$1,000 from President Roosevelt as a contribution to the relief of earthquake and fire sufferers at San Francisco, also one for \$500 from Senator Knox for the same purpose.

Exalted Ruler Departs.

Louisville, April 20.—Grand Exalted Ruler Brown, who has already forwarded \$5,000 in the name of the Elks, goes to San Francisco to personally direct distribution of the relief fund that will be raised under the call issued by him.

Hundred Thousand Dollars Each.

New York, April 20.—Andrew Carnegie, the Standard Oil company and the United States Steel Corporation each subscribed \$100,000 to the fund for San Francisco.

To Survey Line.

San Antonio, April 20.—A party of surveyors will leave here Wednesday for Tucson to make a survey of a railway line from Tucson into Mexico along the Gulf of California to Guadalupe. The Southern Pacific is behind the project to compete with the Mexican Central. J. A. Hindman, chief engineer, and M. Stoddard are in charge of the project. The line will be between 80 and 900 miles long, with headquarters at Tucson.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

NOTE.—My "Crop Weather" forecasts for 1906 are now complete, are of unusual interest, are the best I have ever made and a sample of them will be mailed to you on receipt of a two-cent stamp. Address W. T. FOSTER, Washington, D. C., Box 11.

Washington, D. C. April 21.—Last bulletin gave forecasts of disturbance to cross continent 21 to 25, warm wave 20 to 24, cool wave 23 to 27. Next disturbance will reach Pacific coast about 27, cross west of Rockies country by close of 28; great central valleys 29 to May 1, eastern states 2. Warm wave will cross west of Rockies country about 27, great central valley 29, eastern states May 1. Cool wave will cross west of Rockies country about 30, great central valleys May 2, eastern states 4.

This disturbance will follow several days of unusually cool weather and will carry temperatures to high degrees in Texas and other southern states while cool weather will continue in the middle northwest of Canada and the states because the low of this disturbance is expected to pass south of parallel 40 after it leaves the Rockies. But temperatures will rise rapidly in those northern sections from May 3 to 5 and will fall as rapidly in the southern sections.

During the passage of this storm over the Rockies temperatures will remain low in Pacific sections and east of Mississippi, but will gradually rise after May 3 till the storm centers have passed.

Immediately following April 21 a great fall in temperatures, accompanied by showers, will come to middle northwest Canada. Its center will approach Missouri and then go eastward. It will effect all the continent east of Rockies, while it will be warmer on Pacific slope. Not much rain is expected to accompany disturbance to cross continent April 28 to May 2.

The month of May will have very considerable effects on the crops of 1906. I believe my crop weather calculations for that month will closely approach the realities and it is expected to introduce the radical weather that will come the ensuing crop season. My crop weather calculation for May will be given in next bulletin.

SCIENCE NOTES.

Eminent scientists are now saying that the eruptions of Vesuvius first of April were caused by the great sunspot. But what caused the sunspot? The planets. If a sunspot can effect the earth by its electric bolts the planets can effect the sun and the earth. Jupiter, Mars and Venus are bunched over the sun's equator.

Chief Moore of the weather bureau has stirred up a hornets nest on the Pacific slope. Censuring him for holding records from the public, the San Francisco Daily Call says: "If he had any good reason for this it would be given but he evidently has none, except that an imprudent bureaucrat, intrusted with power to be contray and hateful has taken a notion that he will do so. * * * It is such conduct that makes multitudes of good citizens prefer the spoils system of appointment with all its abominations."

BRYAN, TEXAS, APRIL 22, 1906

CONSTITUTIONAL AMENDMENTS.

The following are the proposed amendments to the constitution of this state to be voted on at the next general election:

1. To exempt the endowment funds of institutions of learning and religion from taxation.

2. To authorize counties to levy a tax not exceeding 15c on the \$100 valuation for the purpose of paying jurors.

3. To pay members of the Legislature a salary of \$1,000 for the year in which the Legislature regularly assembles and \$5 a day for service at special sessions called during the intervening years.

North Texas farmers have formed a corn growers' association

for a systematic study of the best kinds of corn to be grown and the best methods of cultivation. That is the best sort of association North Texas farmers could give their attention to, except one that would embrace a study of other varieties of farming as well as the cultivation of corn. The soil will never yield its best results until its nature and adaptability are thoroughly understood and scientifically treated. Haphazard farming is just as bad as haphazard efforts in any other field of endeavor.—San Antonio Express.

MEETING TO CLOSE FRIDAY NIGHT.

One More Week of Services—Rev. J. F. Hailey Gone to Marlin.

The revival services at the First Baptist church, which are meeting with such success, will be continued one more week or until Friday night by Evangelist Martin. No one should miss hearing this vigorous preacher during the remaining days of the meeting. The services today will be of especial interest, and are announced in detail below.

Rev. J. F. Hailey, who opened the meeting here, left yesterday for Marlin where he will begin a meeting this morning. Evangelist Martin, will join him in Marlin Friday night, after the close of the meeting here, and begin his work in the meeting there Saturday morning.

SOCIAL and Club Matters

Music and flowers, poetry and song, in beautiful combination, presented to the privileged inmates of Villa Maria on Tuesday evening a "Tennyson Recital" of rare artistic worth. The occasion was to honor our loved Rev. Mary Joseph, Provincial, whose Paternal Feast occurred on March 19, but the celebration of which was deferred on account of Rev. Mother's absence in Galveston. With the exception of several soul-stirring musical gems, each beautiful number breathed forth the highly poetic Tennyson sentiment. The following select program was given:

At the close of this elegant rec-
ital, Rev. Mother rose and in her
sweet, inimitable manner thanked
the young ladies and little girls of
"Mary's Villa" for their charming
tribute of affection, and encouraged
them to work with energy and per-
severance for a grand final success
in June.

This elegant home was made more
attractive with the use of cut flow-
ers, ferns and palms. Everything
was suggestive of the beautiful
spring season, and everyone was in
the best of spirits. After several
hours of needlework and conversa-
tion the guests were served with a
delightful salad course.

Marriage license was issued yester-
day to Mr. Oliver McGee of
Lampasas, son of L. D. McGee of
this city, and Miss Mabel Clara
Haltom, daughter of Mr. and Mrs.

R. H. Haltom of Benchley. The
young couple will be married today
at 2 p. m. at Benchley by Rev. M.
R. Kelley.

One of the most pleasant social
events of the week was the Meth-
odist church tea given by Grand-
ma Lawrence in honor of her 87th
birthday Wednesday afternoon at
the home of Mr. and Mrs. G. S.
Parker. Young and old were pres-
ent in very large numbers, and the
occasion amounted to an ovation
to Grandma by friends. As pre-
viously announced the sum of \$60
was realized for the new church
fund.

Miss May Nicol gave a 6 o'clock
dinner to a party of girl friends
Friday evening. Present were
Misses May Nicol, Blanche Buch-
anan, Mary Wilcox, Sadie Ma-
whinney, Charlie Jenkins, Ruby
Reed, Helen Peverley. The table
was daintily arranged and the din-
ner served in courses.

The Ross Volunteer hop takes
place at College on Friday night,
April 27.

JUDGE HARDY SPEAKS:

Judge Rufus Hardy of Corsicana,
candidate for Congress from this
district, spoke at the courthouse
yesterday afternoon discussing and
presenting his views on graft, the
tariff question, the poll tax law,
local self government and railroad
rates. Judge Hardy has well de-
fined opinions and knows how to
give them forcible expression.

Judge Hardy is well known to
the people of Brazos county, among
whom he formerly resided.

He was admitted to the bar and
began the practice of law here.

COUNTY COURT MATTERS.

Pleas of guilty have been entered
in the following cases and fines as-
sessed as indicated, in the county
court:

TAKE TIME TO EAT

Hurry at Meals Will Send You to E. J.
Jenkins for Mi-o-na Stomach Tablets.

"Eat in haste and repent at leis-
ure" is an old saying brought up to
date.

Hurry at breakfast means a bad
start for the day, and if you hurry
also at the other meals, you will soon
suffer with loss of appetite, sleep-
lessness, nervousness, furred tongue,
specks before the eyes, headaches,
backaches, weakness and debility,
indigestion, or other ills that are
caused by an abused stomach.

Here in Bryan, as in thousands of
other places over the country, hurry
at meals increases the druggist's busi-
ness. Not a day passes that E. J.
Jenkins does not sell several pack-
ages of Mi-o-na stomach tablets to
those who have ruined their diges-
tion by not taking time to eat.

E. J. Jenkins has seen so many
cures made by Mi-o-na that he sells
it under an absolute guarantee that
it will be successful in every case
where it is used in accordance with
directions, that is, one tablet before
each meal, and will refund the money
to anyone whom it does not help.
A large box of Mi-o-na tablets costs
but 50c if it cures; nothing if it fails.

MONROE EDGE

We have sold 2000 acres of farm
lands in the last few days, which is
evidence of our ability in turning
real estate.

We know it is a little unbecom-
ing to boast, but you know every dog
must do his own wagging, and think-
ing ours is duly entitled to a wag we
haven't hesitated to give it one
little shake.

We hardly understand why the in-
vestor invariably comes to us. But
it is a known fact that he does.

We have had several thousand
circulars printed, showing the good
points about Bryan and Brazos
County, and to meet the demand we
expect in the near future we must
increase our list of property for sale.
If you are in the market for a home
or have something to offer, come to
see us. We have a demand for sev-
eral places in Bryan to cost from
\$500.00 to \$1000.00.

Indigestion Causes
Catarrh of the
Stomach.

For many years it has been supposed that
Catarrh of the Stomach caused indigestion
and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflame the
mucous membranes lining the stomach and
expose the nerves of the stomach, thus caus-
ing the glands to secrete mucus instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous
membranes lining the stomach, protects the
nerves, and cures bad breath, sour risings,
a sense of fullness after eating, indigestion,
dyspepsia and all stomach troubles.

TRAGEDY NEAR CALVERT

Disappointment in a Love Affair Followed by Dire Results Yesterday.

Disappointment in a love affair and the refusal of a young lady to marry a Calvert young man is alleged to be the cause of a distressing tragedy near Calvert yesterday afternoon.

The Eagle phoned City Marshal Dick Lovett last night and he gave the information above with the further statement that the young man was Neeley Smith and the young lady Miss Kate Hefty, both much esteemed and belonging to highly respected families.

The young lady received two cuts, not serious in character, on the arm, and started to run, when she was shot at twice, and stumbled and fell, but was not struck by either shot.

The fall probably saved the young lady's life, as the next shot that rang out penetrated the temple of the young man himself, passing through his head and killing him instantly.

Smith was about 34 or 35 years old and a mechanic. Mr. Lovett said it was believed Smith thought when the young lady fell she was killed.

FORTY LIVES LOST.

All of These Were Killed in Business Part of Santa Rosa.

Sacramento, April 21.—State Comptroller Colgan, who is at his home at Santa Rosa, telephones that reports from that place have been generally exaggerated. The public and business buildings are wrecked, but the residence portion is only slightly damaged. Forty people were killed in the business part of town, but on one was injured in the residence section.

FIFTEEN KILLED.

One Was a Policeman Who Was Disputing Authority.

San Francisco, April 21.—Fourteen men were killed by soldiers guarding the mint, and Policeman J. M. Myers was bayoneted and killed by a National Guardman over a dispute as to authority. The men at the mint were killed while attempting robbery.

Large Donation Voted.

Ottawa, Ont., April 21.—The Dominion government has voted \$100,000 for the earthquake and fire sufferers in San Francisco.

Losses to railroads entering San Francisco are estimated at \$10,000,000. Southern Pacific is the heaviest loser.

Explosion of a lamp caused destruction of a dozen business houses at Mountain View, Okla., entailing about \$12,000 loss.

Congressmen Grosvenor of Ohio and Clark of Florida came near having a personal encounter in the house Friday.

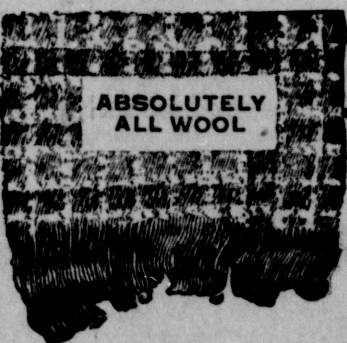

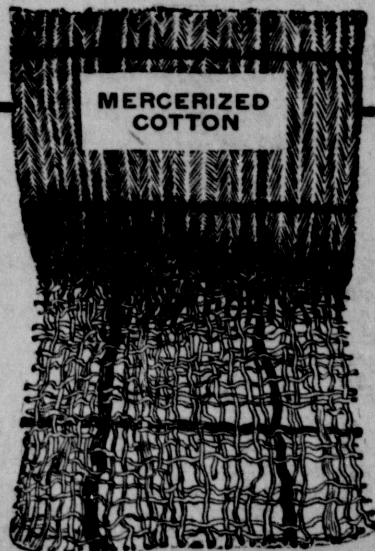

Woolen Will Wear IN ALL WEATHERS

Argue as they will, one fact remains: Cotton adulterated cloth will neither keep its shape nor wear under any conditions. Pure woolen cloth will. Our Stein-Bloch Smart Clothes are made of pure woolens, tested by the wool test, which is the beginning of all

Stein-Bloch Clothes

The only reason why cotton is substituted for wool in mercerized fabrics is to cheapen the goods. A house is no stronger than its foundation. So with clothes. Cheap fabrics mean cheap clothes; and no matter how shrewdly they are tailored, they will be untrustworthy. Stein-Bloch employ no mercerized or cotton adulterated fabrics. Their goods are pure caustic-tested wool, and the clothes made from them wear and keep their shape.

The Stein-Bloch Wool Test

The Stein-Bloch Wool Test consists of a boiling solution of water and caustic potash, the chemical action of which dissolves wool but not cotton. The two samples here shown were originally of the same length, the test proved one to be all wool, consuming the part immersed and leaving only the blackened edge. The other proved to be an adulteration containing a large per cent of mercerized cotton.

Stein-Bloch Suits \$17.50 to \$25.00

Kirschbaum Suits \$10.00 \$12.50 \$15.00

BURYING IN TRENCHES.

Fifteen Corpses Are Being Daid Away
In One Ditch.

New York, April 21.—The Western Union Telegraph company received the following from its office in the Ferry building, San Francisco, early Saturday: "It is still difficult to estimate the dead, as the bodies are scattered all over the city. They are burying them in trenches and putting fifteen bodies in a ditch."

A later dispatch read: "The ferryboats are running on schedule time. There is an immense crowd around the depot here, and committees from all towns across the bay are urging people to leave Frisco and go with them to their homes, but the authorities won't let them take any baggage with them. It looks like an immense second-hand store here. People have dragged everything down here from pianos to bird cages, and their goods are all piled up around the depot for a long distance."

"Fire is still burning fiercely up North street."

A still later one says: "There is no fire within three blocks of the ferry."

SOUGHT FOOD.

Every Place Where Provisions Were
Stored Are Besieged.

San Francisco, April 21.—The situation among the people camped out was worse Saturday morning at Golden Gate Park, where, during the early hours, hungry people besieged every place where it was thought food was stored. In some places there was a disposition to overrun the guards. In the meantime every sort of vehicle obtainable was pressed into service by the authorities and food supplies sent to every part of the city where people were camped. Bread, milk, coffee and even mere substantial articles were dealt out in quantities amply sufficient to satisfy the hunger for the time being. Thousands of tons of provisions were brought over the bay Friday using stations in drays and automobiles.

The rule of martial law Saturday morning was not nearly so rigid, and in many districts had been withdrawn and only sufficient guards left to prevent any possibility of theft or looting.

FERRY BUILDING SAFE.

In Other Directions the Fire Was
Completely Under Control.

San Francisco, April 21.—According to the latest reports up to noon Saturday the Ferry building was safe. Fire in that section was checked near Lombard street freight slips.

In other directions the fire is completely under control.

Mayor Schmitz and General Funston established headquarters at Fort Mason, which was saved by some desperate work on the part of soldiers, aided by a body of sailors from the warship Chicago.

GENEROUS HEARST.

Sends Seventy-Five Hundred Dollars
For Food For Hungry.

Salt Lake City, April 21.—A local bank received orders from W. R. Hearst to expend \$7,500 for supplies for San Francisco. In three hours four carloads of provisions were purchased and started west as fast as steam could carry them.

Numerous refugees from San Francisco tell tales of horror.

PILE OF RUINS.

Town of Tamales Wrecked and Two
Children Killed.

San Rafael, Cal., April 21.—The town of Tamales is a pile of ruins. All of the largest stores are flat. The Catholic church, a new stone structure, is also ruined. Many ranch houses and barns are down. Two children, Anita and Peter Couzza, were killed by a falling house.

BAYLOR BOY WINNER.

State Oratorical Contest Medal Won
by J. S. Vance.

Georgetown, Tex., April 21.—In state oratorical contest, participated in by Trinity university of Waxahachie, Southwestern university of Georgetown, Texas Christian university of Waco, Austin college of Sherman, and Baylor university, the medal was awarded to J. S. Vance of Baylor, D. W. Dallas of Texas Christian university being second.

The following officers of the Texas State Oratorical association were elected: T. E. Burkhalter, Waco, president; A. B. Cunie, Austin college, vice-president; G. R. Hall, Waco, recording secretary; J. S. Patton, Fort Worth, corresponding secretary, and T. E. Riley, Waxahachie, treasurer.

LIFE SAVING DIVISION.

Representative Will Visit Galveston to
Report on Site.

Washington, April 21.—The house census committee reported favorably the Burleson bill requiring the census of agricultural statistics every five years.

The life saving division informed Colonel Walter Gresham that a representative will be sent to Galveston shortly to report on a site for the new \$25,000 life savings station, for which an appropriation will be asked at the next session of congress.

Disastrous Accident.

Toulon, France, April 21.—Three men were killed, five mortally and sixteen seriously injured as the result of a gunnery accident on board the cadet training ship Couronne.

Shot Twice by Wife.

Memphis, April 21.—Sam Most, a St. Louis turfman, was shot twice by his wife and probably fatally wounded.

Simon Building Damaged.

Shreveport, April 21.—Simon building was damaged \$50,000 by a fire starting in a skating rink.

GHOULS SHOT.

Five Diamond Rings Found on Person
of One Put to Death.

Sacramento, April 21.—A. J. Neve, who at the time of the earthquake was manager of a drug store at San Francisco, is in Sacramento. Mr. Neve said: "The work of the villain, the ghoul—the worse than murderer—was the thing that added rage to the discouragement and despair. Hundreds of women crowded into the San Francisco hotel, it being believed it could withstand the flames. Buildings burn-

ed on all sides of it and then it caught. Women were carried out, and villains cut off their fingers and put them in their pockets to secure diamond rings. "There was only one consolation. The men caught in this work were shot without question. Many of them were killed. Wherever the men were found robbing dead they were shot down. In the pocket of one who paid the penalty with his life there were five diamond rings that had been stripped from the fingers of the dead."

Continuing, Mr. Neve said: "The soldiers, worn down and thirsty, broke into saloons to get water or liquor to brace them up. Many of them got drunk, and the result was that they shot many innocent people. That is the simple truth."

OFFICERS OVERWORKED.

Messages Have to Be Delayed For
Twenty-Four Hours.

Oakland, April 21.—Many residents of eastern states are attempting to get word to their friends, but it is almost impossible to get a message sent before a twenty-four-hour wait. Telegraph offices are more than a day behind with messages, so people who have relations and friends here should not worry if they get no word for several days.

GRANDER AND GREATER.

Capitalists Say That San Francisco
Will Be Rebuilt Immediately.

New York, April 21.—In spite of the staggering property losses involved in the destruction of San Francisco, New Yorkers who have large interests at stake in that city and California residents here say without hesitation that the city will be rebuilt as shortly as possible, and the city would rise from its ashes on grander lines than those of its past, and that it would be a safer and healthier city.

THIRTEEN SHOCKS.

Some Provinces in Italy Shaken on
Saturday Morning.

Rome, April 21.—Thirteen earthquake shocks were felt in succession Saturday morning in the provinces of Siena and Tuscany. Several buildings were damaged, including the city hall at Poggibonsi, nineteen miles south of Florence. Inhabitants of Poggibonsi were panic stricken.

Slight Shock at Moscow.

Moscow, April 21.—Practically simultaneous with the San Francisco earthquake a slight shock was felt here. The seismograph in the Moscow university registered the disturbances almost to the hour, reckoning the difference in time.

One Million More.

Washington, April 21.—The house Saturday passed a resolution appropriating \$1,000,000 in addition to the amount heretofore appropriated for the San Francisco sufferers.

To Raise Three Million Dollars.

Boston, April 21.—At a meeting here Saturday, by unanimous vote, it was decided to endeavor to raise \$3,000,000 in Massachusetts for San Francisco's relief.

Two Carloads of Flour.

Oklahoma City, April 21.—Merchants of this city shipped Friday night to San Francisco two carloads of flour.

Chicago's Large Sum.

Chicago, April 21.—The fund raised in this city for the benefit of sufferers of San Francisco amounted early Saturday to \$300,000.

Russell Sage Contributes.

New York, April 21.—Russell Sage contributed \$5,000 to San Francisco needy.

CREMATED WHILE ASLEEP.

Robert J. Grissom Meets Awful Fate
In Fire.

Dallas, April 21.—While an outhouse of Thomas Uhl, near Wheatland, this county, was being consumed by fire, Robert J. Grissom, who was asleep in it, was cremated. It is supposed a lamp exploded.

Heard Representatives.

Austin, April 21.—The state tax board met Saturday and heard representatives of the Northern Texas Traction company, Sherman and Denison Railway company, and packing houses as to intangible assets of these corporations under the intangible tax law.
